

Wheelchair Rugby Game

Mathews Senta (13)

The **wheelchair Rugby Game** at OLM on November 22 was interesting to watch but even more challenging to play!

At first, when I sat on the chair, I felt really strange. Then, after the players gave me some advice on how to maneuver the chair I started to make progress and got the hang of it. In the middle of the game I accidentally moved the chair in such a way that I spun around. This later helped me dodge a tackle and almost score. It is a cool sport.

Eduardo, the team captain, reported that on the weekend of December 2-3, 2011, they won their tournament. They are back in the First Division, where they had placed 2nd in 2009 and 3rd in 2010 among 10 teams. Congratulations and continued success!
